PROFESSIONAL OVERVIEW

Data Engineer with **2+ years of experience** designing and building **ETL/ELT pipelines**, **data warehouse solutions**, and **analytics-ready datasets**. Proficient in **SQL**, **Python**, **dbt**, **Google BigQuery**, **GCP**, and **PySpark**, with hands-on experience in **data transformation**, **query optimization**, **data validation**, and **production support**. Passionate about developing **scalable**, **high-performance data solutions** that enable reliable **business intelligence** and **data-driven decision-making**.

WORK EXPERIENCE

Data Engineer,

Ishan Technologies, Pune | Mar 2026- Present

- Designed, developed, and maintained **ETL/ELT data pipelines** using **SQL**, **Python**, **dbt**, and **Google BigQuery** to transform raw data into **analytics-ready datasets** for business reporting.
- Improved **data quality** and **pipeline reliability** by performing **data validation**, troubleshooting **production issues**, optimizing **SQL queries**, and collaborating with cross-functional teams to ensure accurate and timely data delivery.
- Built and enhanced **reporting datasets** by implementing **data warehouse** best practices, automating **data transformation** workflows, and supporting business stakeholders with **high-performance data solutions**.

Investigation Associate (Data Analysis),

Amazon, Bangalore | Aug 2024- Jul 2025

- Investigated customer cases by analysing **large volumes of data**, identifying patterns, and documenting findings to support accurate and timely **decision-making** while maintaining **high-quality standards**.
- Performed detailed **data validation** and **root cause analysis** to resolve discrepancies, improve **process accuracy**, and ensure compliance with **service-level agreements (SLAs)**.
- Collaborated with **cross-functional teams** to resolve complex issues, prepare investigation reports, and recommend **process improvements** that enhanced **operational efficiency** and reduced recurring errors.

Transportation Specialist (Data Analysis),

Amazon, Hyderabad | Oct 2023- April 2024

- Monitored and managed **transportation operations** to ensure **on-time shipment** movement, proactively resolving **delivery exceptions** and coordinating with carriers, fulfilment centres, and **internal stakeholders**.
- Analysed **operational data** and **KPIs**, investigated **root causes**, and resolved **high-priority cases** while ensuring **SLA compliance** and improving **operational efficiency**.

EDUCATION

Bachelor of Technology
Computer Engineering
Govt College of Engineering, Jalgaon
July 2019 – August 2023

SKILLS

Languages
- Python
- SQL

Data Engineering
- ETL\ELT
- PySpark
- Dbt
- Data Warehousing

Cloud
- Google BigQuery
- GCP

Tools
- Kafka
- Docker
- Git

ACHIEVEMENTS

Winner - National- level Poster Presentation Competition
April - 2023
Secured **1st place** for presenting a poster on Virtual Reality and the Metaverse.

PROFESSIONAL DEVELOPMENT

Post Graduate Diploma in Big Data Analytics
CDAC ACTS, Pune,
Aug 2025 - Feb 2026
